Filmmaker Challenges Historical Dogma

By Michael Collins Piper

Prominently on display at the international conference on the Holocaust were a number of video documentaries by an American filmmaker whose productions provide—for the first time ever—a fascinating look at little-known facts (and a deconstruction of the myths) about the Holocaust and the problems of the Middle East stemming from the establishment of the state of Israel which the media often tells us "rose from the ashes of the Holocaust."

Although you've never heard of him, unlike the names of the big Hollywood filmmakers, Mark Farrell is one of the most talented young filmmakers today. And you can bet your live savings that none of Farrell's documentaries will ever be nominated for an Academy Award, unlike the many Holocaust documentaries by Rabbi Marvin Hier of the Simon Wiesenthal Center which are always up for the Oscar—and win.

The reason, of course, is simple: Farrell's films—which have not received the distribution they deserve—address some of the most controversial topics on the face of the planet today.

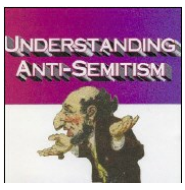
Although Farrell has no billionaire families promoting him, he has utilized his considerable talents to produce a variety of DVD documentaries that are"must" viewing for those interested in historical revelations that can't be found on any other videos.

Farrell's videos on the explosive topic of "the Holocaust" and the questions raised about that subject, much to the dismay of those who want to maintain a monopoly on what can—and cannot—be said about it should be noted first:

• ***The Persecution of Revisionists: The Holocaust Unveiled.*** Although there has been a lot in the news about the jailing of top-notch revisionist historians (which Farrell examines in overview), this video is particularly powerful in that it contains actual film footage taken inside World War II concentration camps that has been suppressed by the mass media which prefers to present views of stacks of dead bodies (most of which were filmed in two camps on German soil where even professional"Nazi-hunters" admit no gas chambers were ever used to kill anybody).

• ***Judea Declares War: A Critical Look at World War II.*** While many have heard the official" rendition of the causes of the conflagration that ripped the world apart, this video presents a refreshing look at "the other side of the coin." If Farrell presented this video in Germany today, he'd been sent to prison.

Farrell has also produced a number of other DVDs that are candid, high-quality presentations on "taboo" subjects related to the Middle East controversy:



• ***Understanding Anti-Semitism.*** A forthright look at a 3,000-year-old phenomenon that is much-discussed but seldom analyzed, explaining the reasons behind the growing discontent with the power of organized Zionist groups in America and around the world;

• ***Rep. Paul Findley Dares to Speak Out.*** A fascinating interview with the longtime congressman driven out of office by the Israeli lobby for daring to criticize U.S. support for Israel. Here's Findley's first-hand account;

• ***Zionist War Crimes: The Case for the Prosecution.*** Here's the historic record—going back to even before the founding of Israel—regarding Zionist terrorism, featuring rare film footage from the Middle East, exposing Israeli "statesmen" as ruthless terrorist butchers;

This is just a brief look at some of the videos Farrell has undertaken. His commentary is candid—no-holds-barred. If you are "politically correct," you may find it tough to absorb. But if you're not afraid of difficult subjects and want to convey to others another side of history, these videos are just what you need.

In these videos, there's no shrieking or grandstanding or "hard sell" as all-too-frequently found in some video presentations by some "celebrities" in the alternative media today. You won't be embarrassed to show Farrell's videos to friends who are "on the fence" and who may need a subtle push to come around to your point of view.

But Farrell is no shrinking violet. He makes his position clear and presents it in a factual, restrained way, supplemented with an amazing variety of illustrations, film footage and other material brought to the screen in such an effective way. The videos are fast-moving, eye-catching and certainly unrivaled by any other videos that have addressed these topics. And, it should be noted, it is hard to even name any other videos of this kind whatsoever.

And that's what makes Farrell's work so powerful and much needed. Never before has a videographer challenged, head on, so many "treasured" historical lies and factual aberrations as Farrell has done so skillfully.

With these videos Farrell has established himself as "the" unrivaled video historian in the realm of bringing history into accord with the facts in the tradition of the late Dr. Harry Elmer Barnes and his modern-day heirs such as David Irving, Germar Rudolf, Ernst Zundel and untold thousands who are now (or who have been) consigned to prison for daring to question so-called "established" facts that are really no more than tired-and-worn repetitions of wartime propaganda and disinformation posing as historical truth.

These videos are available at $22 postpaid by writing: Mark Farrell, P.O. Box 141243, Dept. AFP1, Cincinnati, OH 45250-1243. Or go online to Farrell's website at honestmediatoday.com for further information as well as a wealth of additional commentary and information.

A journalist specializing in media critique, Michael Collins Piper is the author of ***Final Judgment***, the controversial "underground bestseller" documenting the collaboration of Israeli intelligence in the assassination of John F. Kennedy. He is also the author of ***The High Priests of War***, ***The New Jerusalem***, ***The Judas Goats***, and ***Dirty Secrets***, all available from First Amendment Books and America First Books. He has lectured on these topics in places as diverse as Malaysia, Japan, Canada, Moscow and Abu Dhabi.
